No Wonder He Was Surprised.

Lancaster, Pa., May 27.—David
Walter, a farmer living near Lititz,
was the victim of a unique surprise
to-day. This is the thirty-eighth an-
niversary of his birth, and Mrs. Wal-
ter invited about fifty friends and
relatives to participate in a celebra-
tion of the event. Shortly before
dinner a handsome carriage was
presented to Mr. Walter. Under his
plate at the table was a fine gold
watch. Leaving the table Mr. Wal-
ter was invited to the yard and a
herd of ten Holstein cows was driven
up and presented to him. This was
followed by the appearance of two
young ladies dressed in pink, who
carried a tray on which were piled
gold and silver to the amount of \$5-
000. This, too, was presented to the
happy man.

Everything was the gift of Mr.
Walter's wife, who by industry and
frugality in their fifteen years of mar-
ried life had saved the money without
the knowledge of her husband.—Phila-
delphia Times.

Beauty's Signal of Distress.

An extremely pretty girl rode to the
Capitol in an electric car the other
day. She was tailor-made and trim
as a cruiser, and tucked in the front
of her jacket was a silk flag about the
size of a handkerchief. Something
about the flag appeared to distress an
elderly man who sat opposite her.
He digested about and he frowned.
At last, when she left the car, he ap-
proached her and spoke:

"Pardon me!" said he, "but won't
you please change that flag?—You're
wearing it upside down, and that is a
signal of distress."—Washington Post

Fell Fifty Feet.

Willie, the seven year old son of
Mr. and Mrs. J. Y. Oldham, of Lex-
ington, marvelously escaped death on
Wednesday at High Bridge.

A party, composed of Mrs. Oldham,
Mr. Will Flood and several others
were ascending the long and steep
stairway on the side of the cliff. Mr.
Flood was holding the boy by the
hand. When near the top the little
fellow ran ahead of the party, and

Miles of Molten Metal.

Pittsburg, Pa., June 1.—The Car-
negie Steel Co. successfully inaugu-
rated this morning a hot metal route
eight miles long. Ladies holding fif-
teen tons each placed in cars were
filled with molten steel at the Du-
quesne blast furnaces and hauled to
Bessemer converters at the Home-
stead Steel Works and there worked
into steel.

C. M. Schwab, President of the
Carnegie Co., created the system. It
will be extended across the Monong-
ahela river to the Edgar Thompson
Steel Works at Braddock. Seven
hundred tons of molten steel will be
transported this way daily from Du-
quesne to Home-oad.

Corsets must not be worn by Rus-
sian young women attending high
schools, universities and music and
art schools, according to a recent de-
cree of the new Minister of Educa-
tion. They are to be encouraged to
wear the national costume.

people is in the past.—Louisville

Babies to Spare.

A remarkable tale of human fecun-
dity is told by the London Daily
News. "An Italian peasant woman
named Grana, married at twenty-
eight, has borne sixty-two children.
She began with a single daughter,
followed by six boys at a birth, then
five more, and these by triplets twice
and four at a birth. After this she
limited herself like ordinary women
to single babies and twins but wound
up with another batch of four."

THE WONDERS

Of Science—Lung Troubles and
Consumption Can be Cured.

An Eminent New York Chemist
and Scientist Makes a Free
Offer to Our Readers.

The distinguished New York chemist,
T. A. Slocum, demonstrating his
discovery of a reliable and absolute
cure for Consumption (Pulmonary
Tuberculosis) and all bronchial, throat,
lung and chest diseases, stubborn
coughs, catarrhal affections, general
decline and weakness, loss of flesh,
and all conditions of wasting away,
will send three free bottles (all differ-
ent) of his New Discoveries to any
afflicted reader of the Mt. Sterling
Advocate writing for them.

His "New Scientific Treatment"
has cured thousands permanently by
its timely use. "he considers it a
simple profession... suffering
humanity to donate a trial of his in-
fallible cure.

Science daily develops new won-
ders, and this great chemist, patiently
experimenting for years, has pro-
duced results as beneficial to human-
ity as can be claimed by any modern
genius. His assertion that lung
troubles and consumption are curable
in any climate is proven by
"heartfelt letters of gratitude," filed
in his American and European labora-
tories in thousands from those cured
in all parts of the world.

Medical experts concede that bron-
chial, chest and lung troubles lead to
consumption, which, uninterrupted,
means speedy and certain death.

Simply write to T. A. Slocum, M.
C., 98 Pine Street, New York, giving
postoffice and express address, and
the free medicine will be promptly
sent. Sufferers should take instant
advantage of his generous proposi-
tion.

Please tell the Doctor that you saw
his offer in the ADVOCATE. 51-11

The Silver Bell.

There is a pretty story beautifully
told by one of our writers, of a king
who, when he came to his throne a
young man, had a silver bell made
and placed in a high tower of his
palace. This bell should be the
means of telling his subjects that he
was happy, and it should be rung by
no one but himself.

Thy after-day the people listened
for the silver bell, but it did not ring.
Weeks passed and months and years,
but no tone of the bell was ever heard.
At last the King, grown old in the
palace, lay on his death-bed. His
weeping subjects gathered around
him, and he learned how all the years
his people had loved him; and then
he was happy, and in his joy, with
dying hands, he rang out the silver
bell.—Selected.

Faith.

When the suspension bridge across
the Niagara was to be built, the ques-
tion was how to get the cable over.
With a favoring wind a kite was el-
evated, which lighted on the other
shore. To its insignificant string a
cord was attached, which was drawn
over, then a rope, then a larger rope,
then a cable strong enough to sustain
the iron cable which supports the
bridge over which heavily laden
trains pass in safety every day. This
could never have been done but for
the little kite string, which may rep-
resent a weak faith, yet reaches to
Christ and heaven, and may enlarge
to gigantic proportions, and hold its
possessor fast anchored to the Rock of
Ages.—Selected.

Keene Dead.

Thomas W. Keene, the great actor,
is dead at New York. He died Tues-
day evening from the effects of an op-
eration for appendicitis. He was the
last of the so-called "old school of
actors." In private life he was
known as Thomas W. Eggleston.
He was 67 years old at the time of
his death. A wife and two children
survive him.

The Gold Fields of Alaska.

In order to accommodate the heavy
travel to the new Eldorado, which it is
expected will set in early and con-
tinue during the coming season, the
Missouri Pacific Railway Company
will inaugurate a weekly tourist sleep-
ing car service between St. Louis,
Portland and Seattle, first car west-
bound to leave St. Louis Tuesday eve-
ning, February 22, and continue
weekly thereafter, making no change
between St. Louis and the Pacific
Coast. No other route can offer such
splendid through accommodations,
matchless scenery and interesting
points on the way. This is the most
desirable route to Portland and Se-
attle, and special attention will be
given to parties en route to Alaska.
Valuable printed matter on the gold
fields and the latest information in
regard to rates, routes, etc., to that
territory will be cheerfully mailed on
application.

Suit has been instituted in Mason
county to prevent the sheriff from
paying the toll gate guards appointed
by order of the County Judge. The
suit is based on the grounds that the
turnpike companies had not accepted
the provisions of the New Constitu-
tion and were not, therefore, entitled
to the protection of any legislation
under it, and that the County Judge
exceeded his authority when he had the
guards summoned.

CORRESPONDENCE.

GRASSY LICK.

W. H. Ramsey and wife visited relatives in Winchester the past week.

Mr. Walter Crail and wife, of Covington, are visiting the family of W. B. Greene.

Col. Wm. Greene, of Lexington, visited his son, Henry, at this place the past week.

J. N. Mason and family, of Bourbon county, visited relatives in the neighborhood.

Jas. W. Mason weighed to Cap Gillette twenty lambs at 9 cents, average 90 pounds.

Misses Florendo Kling and Sallie Mason are visiting friends and relatives in Winchester this week.

Jas. F. Mason attended the Cincinnati tobacco market last week and sold at an average of 9 cents at home.

Wm. Keer, of North Middletown, was in the neighborhood last week buying cavalry horses. He bought two from Robert and Oliver Howell, paying \$150 for them.

The series of meetings held at Grassy Lick closed on last Friday with twelve additions. Baptism will be administered to them at the church on next Sunday by the pastor, Rev. J. J. Johnston. The meeting closed unexpectedly on account of the sudden illness of Rev. Hubert, who returned to his home at Jackson. There is a general regret that the meeting had to be closed.

Edward Haley, who was with the Sun Life Insurance Company of this city for about two years, has accepted a position with the same company at Louisville.

Shooting Affray.

On Tuesday evening at the store of Greenwade & Horton at Spencer, this county, Thos. Greenwade shot and severely wounded Wm. L. Day. The ball entered the right side of the face and ranged back lodging in the bone just above the eye. Day's wound, while a painful one, is not likely to prove fatal. The facts as we have been able to gather them are about these. Greenwade came into the store where Day is clerk and began to upbraid him for some alleged talk, he had heard Day and Eugene Thomas had indulged in about him. Some angry words passed between the men, when Greenwade shot. We have been unable to get at anything like the full particulars of the shooting. One account says Day was attempting to secure a pistol when Greenwade shot. Another account says the shot was fired without any warning. Greenwade came to town Wednesday and waived an examining trial. Judge Hazelrigg fixed his bond for appearance at Circuit court at \$500.

Shooting in Woodford.

About 8 o'clock on Saturday morning near Pinckard Station in Woodford county, James C. Graves and Charley Cassidy became engaged in a difficulty over some of Cassidy's hogs which had trespassed on Graves' premises. Cassidy had gone to Graves to get the hogs and while there the difficulty arose which resulted in Graves emptying a shot gun, loaded with No 8 shot, into Cassidy's face, producing a dangerous wound. His face is terribly lacerated and the chances for recovery are said to be against him. The examining trial has been set for June 14. The wounded man is a nephew of M. M. Cassidy, of this city and son of Wm. Cassidy, of Lexington.

LAND, STOCK AND CROP.

Turley & Robinson will ship to-day a car load of cows and heifers bought at from 24 to 34 cents.

Dr. Oughten, of Dwight, Ill., shipped from here Saturday a car load of good horses that he had bought here the past two weeks.

About 100 cattle at Harrodsburg on Court day. A small lot of steers of 550 pounds weight, sold for \$22.50 per head; milch cows at from \$27 to \$30.

Cut worms have appeared in Hancock county in great numbers. They came so late this year that crops can not be replanted and much damage is expected.

Turley & Robinson bought during the past week and will ship to-morrow a car load of hogs, averaging about 200 pounds. The hogs were bought a little above the market, the buyers paying \$3.50 to \$3.60 for them.

A peculiar disease of cattle has developed at Millwood. Out of a herd of thirty-five or forty owned by Joe Elden, of this place, eleven had died up to yesterday morning, all in two or three days. The disease is a peculiar one, swelling up the breast and throat. Some pronounce it Texas fever. Dr. Duvall told some one over the telephone yesterday that he believed it was a form of diphtheria. They were two and three years old. —Glasgow Republican.

Severe Suffering

Serious Case of Internal Ulcerated Piles Cured by Hood's Sarsaparilla—Able to Work for the First Time in Four Years.

"My husband was taken with severe internal ulcerated piles. He was once apparently cured but the old trouble came back as bad as ever. He became very weak. After a while he gave up all other medicines and began taking Hood's Sarsaparilla. This medicine did him wonderful good. In about two months he was able to walk out in the yard. When he had taken seven bottles he was able to ride out every day and work a little and he had gained 40 pounds in weight. He is now about as well as he ever was and has been at work in the farm. Last fall he sowed his own wheat, this being the first work he had done in years. I think Hood's Sarsaparilla the most wonderful medicine in the world." **Wanda B. Egan, Louisville, Kentucky.**

A mirror could not lie if it wanted to. The glass has nothing to gain by flattery. If the roses of health and plumpness of beauty are leaving your face, your mirror will tell you so. Health is the greatest beautifier in the world. When a woman sees the indications of ill-health in the face, she may with almost absolute certainty look for the cause in one or both of two conditions—constipation and derangement of the organs distinctly feminine. There is no reason in the world why a woman should not be perfectly healthy. She will gain in health, strength and flesh. Hollows and angles will give place to fullness and grace. She will be the noblest and most beautiful of all creatures—a perfect woman.

Measuring the Nation's Drink Bill.

"Boy at the head of the class, what are we paying for liquors as a nation?"

"Nine hundred million dollars annually."

"Step to the blackboard, my boy. First take a mile and measure this silver dollar. How thick is it?"

"Nearly an eighth of an inch."

"Well, sir, how many of them can you put in an inch?"

"Between eight and nine."

"Give the benefit of the doubt; call it nine. How many inches would it require to pile these nine hundred millions?"

"One hundred million inches."

"How many feet does that be?"

"Eight million, three hundred and thirty-three feet."

"How many rods is that."

"Five hundred and five thousand and fifty rods."

"How many miles is that?"

"One thousand five hundred and seventy-eight miles."

"One thousand five hundred and seventy-eight miles of silver dollars, laid down, packed close together, our national liquor bill would make. This is only one year's gross bill."

Reader, if you need facts about this temperance question, nail this to a post and read it occasionally. It would take ten men with school shovels to throw away money as fast as we are wasting it for grog.—Observer.

A Legend.

A legend told me the other day which may interest you. A young man, discontented with his lot, dreamed a wonderful dream. He was carried into a beautiful country, and was driven in state through leafy bowers and under arching trees, through groves, redolent with orange blossoms. Rare exotics bloomed on every side. The place seemed a very fairyland of beauty. After driving for miles and miles, he stopped before a magnificent palace. It was built of marble and the carving was of the finest workmanship. It was a palace and domes were ornamented with rare jewels, which flashed in the sunshine. The doors were of pearls, the floors of gold, and the ceilings, instead of being frescoed, were studded with rubies and diamonds. The building was of enormous size, covering with its wings, fully a square mile, and everything was on a scale of rare splendor. Stepping to one side of the main hall, he entered a dark brown niche, small, but in such a striking contrast to the place, that he asked the guide what it meant and why that was not marble also and set around with precious stones. Imagine the young man's surprise when he said, "The fault is yours. This is the Palace Beautiful, and this is your niche. You have been unhappy because of your lowly station in life, and since you could not have a position of prominence, you have spent your time discontented, while others have been improving their time and talents. It rests upon you alone to make this palace perfect." The young man awoke, saw the lesson taught by his dream, and set to work to marbleize his brown niche.—New York Enquirer.

Colors of Uniforms.

Gen. Miles has issued an order prescribing field uniforms for the army as follows:

The color of the facings of the uniform of the several arms of the service will be as follows:

Infantry, scarlet. Artillery, scarlet. Engineer troops, scarlet piped with white. Post Quartermaster's Sergeant, white piped with buff. Ordnance troops, crimson piped with white. Post Commissary Sergeant, white piped with cadet gray. Sergeant Signal Corps black piped with white. Hospital Corps, emerald green.

That's where Dr. Caldwell's Syrup Pepsin is. The greatest remedy for the stomach that was ever put together. Absolutely vegetable with the exception of the Pepsin. Have you indigestion or sick headache? Then use Syrup Pepsin. Spend 10c for a trial bottle and you will be convinced. Large sizes 50c and \$1. A true family remedy. At W. S. Lloyd.

Deafness Cannot Be Cured

by local applications, as they can not reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular, free.

The Hyacinth.

For more than a century, from 1650 to 1660, the tulip had an undisputed reign till a rival appeared in the shape of a double hyacinth. Ben says of the "hyacinth, or jacinth." It is "of diverse sorts, and many of them of small value." Some double varieties were, however, known at that time, three being mentioned by Bauhin, but the double kind from which modern ones have been derived was raised at the end of the seventeenth century by Peter Voorhelm, a celebrated Dutch florist. The hyacinth was never quite such a rage as the tulip, though during the height of its popularity great prices were paid for bulbs in Holland. It is said as much as \$200, florins, or about \$150, was given for one root by some enthusiastic Dutch collector.—Longman's Magazine.

The Cry of the Children.

Canon Farrar once had to say about the cause imposed by drink on children: "Have we no pity for the poor, miserable children? Is there no voice strong enough to plead like angels' trumpet-tongued against the deep damnation of their taking off?" Of these children, who in the language of Southern poets are not born into the world as damned into the world, damned and predestined, as it were, to live lives of disease and degradation, because of drink, in the midst of which they have the hereditary taint in their veins. Most children, year after year, in these our Christian lands, pass through the first of this Moloch in numbers infinitely greater than were ever burned in the valley of Hinnom.—The Lutheran Observer.

Madison County Notes.

During the storm on Sunday night Mr. R. C. Boggs, who was sitting on his porch, near Red House, was startled by a terrible noise in the roar of a train of cars. He went out and saw a dark cloud rolling over his place and he believes the noise was caused by a cyclone. No damage reported in the neighborhood.

During the terrible electrical disturbance on Sunday night ten head of cattle belonging to Wm. Mellon, of Cottage Hill, were killed by lightning.

To date, the small-pox scare has cost \$4,245.21, about two-thirds of which the citizens of Richmond paid. The county levy will be about \$1.

No Gripe

When you take Hood's Pills, the big, old-fashioned, sugar-coated pills, which bear your name on the wrapper, you are sure to get relief. They are easy to take, and easy to operate, and are the only pills to take with Hood's Sarsaparilla.

A Liverpool corporation amibus conductor wears a breastpin which can, at will, be illuminated with electricity, and by this means he is enabled to easily ascertain what sort of coin is handed to him and quickly give change.

Sir William Crookes has tested Dr. Stephen Emmen's method of deriving gold from silver, under the doctor's own direction, and declares that it is an utter failure. He assayed a great many Mexican dollars before he could find two that were free from gold. These were subjected to the process for 100 hours and no gold appeared.

It is a great treat from the old-fashioned doses of blue mass and nauseous physics to the pleasant little pills known as DeWitt's Little Early Biscuits. They cure constipation, sick headache and biliousness.

Almost a Lynching.

The Kentucky boys belonging to Second Regiment in camp at Chickamauga, were within an ace of indulging in a lynching Wednesday. A negro private belonging to the First Maine Regiment attempted to cross the lines into the camp of the Second Kentucky. He was ordered back by the sentinels. He became abusive and when the sentinels called for the corporal of the guard he left, but later returned. This time he was backed by two white men from his regiment, and upon the guard refusing him permission to enter the lines, broke out into the midst of the men and officers of the regiment. In a few minutes a large number of the men of the Second Kentucky had the negro and his companions in hand and a rope was produced, but Col. Galtier ran in and stopped the men, only to be made the victim of the vilest abuse by the negro. The insolent negro even attempted to strike Col. Galtier. The negro and his white companions were placed under arrest and will have to face a court martial.

UNINTENTIONAL INSULTS.

Persons Must Be Very Careful When in a Foreign Country.

A short time back a complaint was received by the authorities through the Chinese legation that the gentleman representing her majesty in China had been guilty of conduct unbecoming an ambassador and a gentleman that he had insulted the Chinese cabinet. Investigation, however, showed that the only conduct of which he had been guilty was thumping the table at which he was sitting to emphasize a remark. Of course no notice was taken of the affair, but all the same, the diplomats of China were offended, for in that country it is an insult to the assembled company to thump the table.

It only shows how careful one should be in a foreign country. In England, if a friend is visiting another and stays to dinner, he may ask for the loan of a hairbrush without giving offense, but in Hungary he may not. To attempt to borrow that useful article is one of the greatest insults which can be offered to a Hungarian and one which will in most cases cause a duel.

In France there are several insults which the ordinary foreigner may offer without knowing it. For example, he may be visiting a friend and may put his hat upon the bed. This is a grievous form of insult, but why it is not known. It is a very ancient custom and so probably results from an old superstition.

Again, there are two ways of pouring out wine in France, as everywhere else. One of these is to hold the bottle so that the pouring of the wine is facing the tablecloth. The second way is to hold the hand reversed—that is, with the knuckles downward—and this is a great insult to the assembled guests and the host, a far greater insult than drinking a health in water, and that is pretty certain in France.

Germany has some curious forms of insult. To begin with, to offer a rose or any other flower without any green or leaves with it to a lady is to deeply insult her, though why this should be so is not known probably.

The German students are formed into corps, some of which are fighting corps and others not. Each corps has its distinctive cap, and when a member of one of these corps is in the street it is etiquette for each to doff his cap. Should the other not respond a complaint is made to his corps, and a duel is fought—a real duel, with sabers or pistols, not the fencing duels which is customary in Germany, just as flogging or single stick is in England—for the insult is nearly the worst that can be offered.

There is one worse, and that is spilling or flicking beer or another liquid upon the person. No apology will wipe out this offense. Nothing will, except a duel to the death or a duel which is continued until one of the combatants is too badly wounded to continue the fight. A member insulted is to refuse to drink with a student if invited or to refuse to respond with "Prost!" when he raises his glass and says, "Ich Komme vor," but this is more a breach of good manners than an actual insult.

We might finish with two Spanish examples of curious insults in South America. The first of these is to refuse to smoke a cigarette which another man offers you after he has had it in his mouth, and the second is to refuse drink out of the same glass that a man has just drunk from, or, worse still, to wipe it before drinking.—London "Tribune."

HORSE AND TRACK.

The Abbott, 2:14, stepped a half in his work this spring in 1:05.

Andy McDowell has a green pacer in his stable that is going easy miles in 2:15 in his work-out.

Rose Croix, 2:15, winner of the Kentucky Futurity in 1896, is now being worked at the pace.

The Palo Alto consignment to the Cleveland also averaged \$1,712. How is this for old-time prices?

Ed Tipton thinks Searchlight (C) 2:04, the best young race horse he ever saw. This speaks well of Darknight as a sire.

There will be nothing in it with Klamath this season, if reports are true. He is said to be going eighties in 1 1/2 seconds.

James Butler, of New York, has bought Marquette (dam of Planet, 2:04), by Jersey Wilkes, and will breed her to Direct, 2:05.

During last year L. Nelson, J. J. trainer at Lomo Alto Farm, Dallas, Tex., gave records ranging from 2:13 to 2:30, to twenty-three horses.

Dick Curtis is driving Satin Slipper, 2:09, without topknots this year, and she is working nicely. She has beat 2:30 by several seconds in her work. It makes but little difference whether she is to be bred to Starplex or not, but one thing is certain, she is now being trained for a campaign, and it does not seem reasonable that she will be shipped to the horse or the horse shipped to her.

The Third Kentucky Regiment left Lexington Wednesday afternoon on three special trains for Chickamauga. Ten men on the sick list were left behind in infirmaries. Many friends and relatives of the soldiers thronged the depot to see the regiment departed, and the boys were made happy by liberal contributions of good things to eat.

Shot by a Woman.

Tuesday evening Zack Hall, a prominent farmer of Powell county, was shot and killed by Mrs. Tempa Hampton. The shooting occurred near the house of the woman, not far from Clay City. Hall had gained legal possession of the Hampton farm and was walking over it when warned off by the woman. A quarrel ensued and the woman fired a pistol at Hall, the ball striking him in the forehead, causing instant death. The woman was arrested.

A recent dynamite explosion in a Kurak, Russia, monastery turns out to have been the work of the ingenious monks themselves, who took that means of attracting attention to the miraculous powers of their image of the Virgin. The image was removed to a place of safety before the dynamite was fired, and then put back, so that while the walls of the building were shattered the image was unharmed. Crowds of pilgrims were attracted to the monastery by the miracle, but the Government has put the monks under arrest.

A notable incident at Chickamauga Wednesday was the administering of the oath to Brig. Gen. Fred Russell by Judge A. H. Harris, an ex-Confederate, etc. in the presence of many Federal and Confederate veterans, who loudly cheered the proceedings. The first man to congratulate Gen. Grant was Maj. Gillespie, of Chattanooga, who was with Gen. Lee at Appomattox.

The telephone's latest use is to connect a steamship as it lies at its moorings with the shore. The ocean greyhounds are all connected with the city's system of telephones while they are in New York harbor. The slipping of their connection with the phone is one of the last acts in putting off, and the connection is reestablished as soon as the steamer is within reach of the system.

The Gentry City Company, of St. Louis, Mo., has purchased the property of the Winchester Brick Company, and will operate an extensive brick and tiling works. Nude Cupids Not to Her Liking.

Because Miss Dorothy Mower, a pretty young woman of the Salvation Army, does not admire the nude in art, she secured an ax and chopped to pieces a number of groups of cupids which decorated the Fine Arts building of the Omaha Exposition on Tuesday night.

Incidentally she won several pieces of costly stationery, whose undraped figures she considered too suggestive for the human eye to feast upon.

The young woman performed the feat at the hour of midnight, and throughout the time occupied a most perilous position, hanging out over the grand Court of Honor. Had the frail network to which she was clinging in order to execute the work with dispatch given way, she would have been precipitated fifty feet to the stone pavement below. When she had done the work to her satisfaction the girl descended to the ground, again performing a feat involving great danger, and was arrested.

A child was going on the heavenward way, but at every turn he saw some anxious traveler who exclaimed to him: "Beware of the grave!" He grew to manhood, and again he heard that fearful plaint: "Beware of the grave!"

In old age it sounded on every kind, and its echo ran reverberating at tremendous from rock to rock: "Here is the grave?" He inquired of a seer, "It must be something terrible!" "Just over the last hill you will see it," was the reply. He ascended the hill, looked fearfully before him; and lo! a portal with the light of heaven shining through it, and smiling faces on the other side!

This time on ex-Congressman, now Major W. C. Owens is going the rounds of the papers.

Major Owens was largely instrumental in raising the Georgetown company and when they were gotten together he was exceedingly proud of them. He said that they would make the finest soldiers in the regiment that being country boys they could stand more hardships than the city fellows and could also outfight them. The Major relieving also that they would soon become proficient in drilling, although they had had little experience in the manual of arms.

One day after the flag had been presented to the company by the patriotic citizens, Major Owens was proudly marching at the head of the company down street. He gave the command "Column right—march." The men kept straight ahead. He repeated it, louder this time. Not a man swerved. The Major was surprised, but his ready wit soon came to his aid, and remembering that they were all farmers he yelled "Gee!" and they wheeled to the right like a machine.

A DEED OF DESPERATE DARING.

THE HEROES OF SANTIAGO.

New Lieutenant Hobson and Seven Men

Blocked the Mouth of Santiago Harbor.

THE MERRIMAC SUNK.

The Navy Department gives out the following dispatch from Admiral Sampson:

"Mole, Hayti, June 4.—Succeeded in sinking the Merrimac in the channel of Santiago at 4 a. m., June 3. This was carried out most gallantly under the command of Naval Constructor Hobson and seven men. By a flag of truce from the Spanish Admiral, Cervera, sent in recognition of their bravery, I am informed all are prisoners of war, three are slightly wounded. Request authority to approve exchange if possible between these and the prisoners at Atlanta.

"Six of the Spanish squadron in the harbor of Santiago, unable to avoid being captured or destroyed. "SAMSON."

How it Was Done.

Port Antonio, Jamaica, June 3.—A single deed of magnificent American daring has lost to the Kingdom of Spain the powerful fleet of Admiral Cervera.

Just before dawn to-day seven gallant seamen took the coiler Merrimac under the blazing Morro battery and anchored and sunk her beneath a withering fire of musketry and heavy cannonading from the shore, and the wrecked hull of the sunken vessel effectually closes the entrance to the harbor within which the Spanish squadron is hopelessly and helplessly locked.

This splendid stroke was planned by Lieut. Richmond P. Hobson, who commanded the expedition. He is a naval constructor, attached to the Annapolis, and his home is in Brooklyn. With him went Daniel Montague, George Charette, J. E. Murphy, Oscar Deignau, John P. Phillips and John Kelly, all non-commissioned officers or skilled men, and H. Clausen a coxswain of the New York, who went with the expedition against orders.

A steam launch from the flagship New York, commanded by Cadet J. W. Powell, followed the Merrimac to the mouth of the harbor, and, despite the fire from the forts, cruised in the vicinity for an hour and a half after the coiler was sunk, but no sign of the brave Americans was seen, and Cadet Powell was finally compelled to abandon the flagship.

No Lack of Volunteers.

Hundreds of men and scores of officers volunteered for the duty, and Commodore Merrill, who had been the Captain of the Merrimac, begged permission of Admiral Sampson to go. But Lieut. Hobson wanted only six men. Soon after 3 o'clock the black hull of the Merrimac began to drift slowly toward the land, and in half an hour was lost to sight.

It was Lieut. Hobson's plan to attempt past Morro, swinging crossways the channel, drop his anchor,

open the valves, explode the torpedoes on the port side, leap overboard, preceded by his crew, and make their escape in a little lifeboat which was towed astern, if possible; and, if not, to attempt to swim ashore.

Under Heavy Fire.

Scarcely had the ship disappeared when a dash from Morro's guns proclaimed that she had been discovered. Immediately the other batteries around opened fire, but the ship went steadily on. For this morning the top of her masts can be seen in the water beyond Morro and near the Estrella battery. A heavy cannon and musketry fire continued for about a half hour, and guns were fired at intervals until long after daylight. Noise of the American ships dared to fire, for fear of striking the Merrimac's crew.

As daylight came on the steam launch could be seen cruising close to harbor entrance. Until 5:30 the search was continued, and then under a shower of Spanish shells, which flew wide of their mark, Cadet Powell steamed away, and half an hour later boarded the New York and reported to Admiral Sampson that he believed the entire crew of the Merrimac had been lost.

Not one of them did he catch sight of. The Merrimac, he said, lay well across the channel, her masts showing. Lieut. Hobson had done his work well, sinking the ship in almost the exact spot decided upon. The channel is not as wide as the Merrimac's length, and it is impossible for the Spaniards to raise or destroy the wreck under the guns of the American fleet.

The cruisers Cristobal, Infanta Maria Teresa, Vizcaya and Almirante Oquendo are known to be inside, and it is believed that two or three smaller warships, possibly torpedo boats, are with them.

Plans Carried Out.

Lieut. Hobson appears to have carried out his plan to the smallest detail, except as regards the method of escape. The rowboat in which the crew was to attempt to escape was either blown up or shot to pieces, for Lieut. Hobson and his men drifted ashore on an old catamaran which was slung over the ship's side at the last moment as an extra precaution. Upon reaching shore the men were taken prisoners and sent to Santiago city under guard. Later they were taken to Morro Castle, where they now are.

Capt. Oviedo, Admiral Cervera's chief of staff, who boarded the New York under a flag of truce, did not give further details of the capture. The bravery of the Americans evidently excited as much admiration among the Spaniards as it did among the men of the American fleet. The prisoners will be perfectly safe, and will probably be well treated while they remain in Morro Castle.

WAR NOTES.

The two troops of cavalry, 1st and 2nd, mustered into the United States service at Lexington, left for Chicamauga Saturday. They are troops A. from Barboursville, Capt. U. S. G. Perkins, and troop B. from Salyersville, Capt. Jeff Prater.

The Kentucky soldiers stationed at Chicamauga are reported as suffering intensely from the very hot spell of weather we are enduring.

Steps have been taken by our government by which it will rid itself of the annoyance of the Spanish spy system established by Lieutenant Carranza and Senor Du Bose, at Montreal, Canada. The matter has been formally presented to the British Government and the spies must go.

Large numbers of prominent autonomists have fled from Havana and are said to have taken refuge in Mexico and elsewhere.

The censorship over the press dispatches is so strict that it is impossible to ascertain if any troops have yet left for the invasion of Cuba or Porto Rico. It is probable that as yet none of the United States land forces have sailed.

Captain Charles V. Gridley, of the Cruiser Olympia, Admiral Dewey's flagship, died at Kobe, Japan, on Saturday, June 4, of injuries received in the battle of Manila. Soon after the battle it was reported that Captain Gridley had been hurt and would be relieved, and later that he had started for home. It was not supposed his injuries were serious and even now the department is in ignorance of the precise nature of Capt. Gridley's injury.

RELIGIOUS.

Rev. E. O. Guerrant will preach at Springfield next Sunday morning and at the Southern Presbyterian Church in this city in the evening.

Rev. L. J. Powell, of Louisville, on Sunday at Lexington preached the baccalaureate sermon of Kentucky University in Mordison chapel.

The State Baptist Association will meet at Hopkinsville June 16 and continue in session four days. About 400 delegates will be in attendance.

Bishop Chas. B. Galloway will preach the baccalaureate sermon of Kentucky Wesleyan College, Winchester, on Wednesday morning at 10 o'clock. He is a distinguished preacher and orator.

Rev. H. D. Clark preached the baccalaureate sermon before the pupils of the Mt. Sterling Collegiate School at the Methodist Church on Sunday morning. The sermon has been very highly complimented.

The W. C. T. U. and the L. T. L. will observe Flower Mission Day June 9. The flowers will be received at Mrs. Webb Galt's, Howard avenue, at 3 o'clock. The Legion will start for the jail at 10:30 o'clock.

Next to Chas. Wesley as a hymn writer, in point of numbers, if not in merit, is Fanny Crosby. He is said to have written over 6,700 hymns, and she has written over 4,000. The best known of them begins with the lines:—

Safe in the arms of Jesus,
Safe on His gentle bosom.

She was born in the State of New York seventy-seven years ago, and has been totally blind since infancy.

The young ladies of the C. E. of the Christian Church will give an ice cream and berry supper in the Court House yard to-night at 7 o'clock. Refreshments 15c. Go early and there will be time to attend the lecture by Rev. J. W. Mitchell.

Mrs. Lucille Wilson will represent the adult society of the Methodist church at the Woman's Foreign Missionary Society, which meets at Millerburg on Friday. Miss Florence Wyatt represents the Young People's Society. Mrs. Truehart, Secretary of Home and Foreign Board, will be present, and other good speakers. A great meeting is anticipated.

Rev. A. J. Arrick returned home on Wednesday from his trip to Indiana, where he had been in attendance on the General Assembly of the Presbyterian Church, which held its session at Wynona, Lake. Brother Arrick was complimented by being made Reading Clerk for the Assembly. Mrs. Arrick will spend several weeks visiting friends and relatives in different points in Indiana before her return.

The General Association of Baptists of the State of Kentucky will hold their next annual meeting at Hopkinsville, beginning June 16. Delegates appointed from the Mt. Sterling Baptist church by the Bracken Association are W. R. Nunneley and J. W. Hedden. The Baptist church appoints two delegates, one of whom will be the pastor, Rev. W. J. Holl, the other one to be selected.

The children of the Christian church Children's School gave most pleasing Children's Day entertainment at the Court House on Sunday evening. Instead of the usual sermon, the court room and gallery were crowded and great interest was manifested. About sixty children took part in the opening march. There were many recitations and songs by the little ones. The tots sang "Beautiful little hands," and twelve girls took part in a pleasing exercise—"America sending the Light." Six American girls with lighted candles made speeches, then the representatives of foreign countries replied and their candles received the light, when all joined in the march. We cannot go into detail in mentioning those who took part. We are rejoiced to see the children being trained in mission and church work. The good sisters who superintend the children's department deserve and receive encouragement in their work, for they are building for eternity. Good bless the children!

In his address of welcome to the General Assembly of the Presbyterian church of the United States of America, Governor Mount, of Indiana, said among other things: "It is eminently proper that on this occasion this Assembly Hall should be elaborately decorated with 'Old Glory.' * * * Under this banner

When we read of an elephant hunter who has been transported to death in the wilds of India, we wonder at the foolishness of a man who would travel round the world and endure all manner of hardships, in order to court death in a far away jungle. A man does not have to make a journey to India in order to court death in a manner equally foolhardy.

Thousands of hard working men are daily courting death in a much more certain manner, without ever leaving their native villages or cities. They are the men who neglect their health. They are the men who court death from consumption, or some other deadly disease due to improper or insufficient nourishment. The man who suffers from bilious or nervous disorders, who has a weak stomach and an impaired digestion, who has lost the power to eat, rest or sleep, and who fails to take prompt steps to remedy these conditions, is courting death in the guise of some fatal malady. Dr. Pierce's Golden Medical Discovery cures 98 per cent. of all cases of bronchitis, throat and laryngeal affections that lead up to consumption. It soothes the cough, facilitates expectoration and restores the lost appetite. It corrects all disorders of the digestion, makes the assimilation of the life-giving elements of the food perfect. It regulates the liver and purifies and enriches the blood. It is the great blood-maker, flesh-builder, nerve tonic and restorative. It is the life of all nervous and debilitated persons. Dealers sell it. "I had a bad cough and got so low with it that I could not get on my feet. I tried Dr. Pierce's Golden Medical Discovery, and it cured me. I saved my life."—J. H. Smith, New London, Union Co., Ark. "Our family had been afflicted with a chronic consumption. I had taken through my chest and got so low that I could not get on my feet. I tried Dr. Pierce's Golden Medical Discovery and it saved my life."

the legions of the united North and South, forgetting the past, are touching elbows and marching in solid columns against the common foe of human progress and human liberty. This is a most opportune time for the Presbyterian church, North and South, to rally to the common banner of Presbyterianism, and, with united heart and effort, go forth to battle for the upbuilding of the Master's Kingdom. This speech was the occasion for prolonged applause. The Assembly as one man arose to its feet; women waved their handkerchiefs and men cheered. It was several minutes before the Governor could proceed.

ANNOUNCEMENT.

CHENAULT-LAUTH.

On Wednesday, the 15th inst., at 5 p. m., at the parsonage of the Catholic church, Rev. E. J. Healey officiating, Miss Josie B. Lauth will be married to Mr. Anderson Chenaault. Owing to the recent death of Mr. Chenaault's brother, Walter, the wedding will be a quiet one. Immediately after the ceremony the couple will repair to Mr. Chenaault's country home. Mr. Chenaault is a farmer of prominence and prosperity, well informed and greatly admired. Miss Lauth has been an efficient and faithful teacher in the city High school for a term of years, is a woman of fine native ability and rare attainments. It is a pleasure to announce the union of this bright couple.

An Earthquake Shock.

An earthquake shock of considerable duration but of no great severity was felt here Sunday night about 2 o'clock. To the writer the experience was first rather a sharp motion as if one had thrown himself down on the bed and the recoil of the springs had pitched him upward. This was followed from about one and a half to two minutes by a rumbling sound that shook the house as if a heavy barrel were being rolled over a bare floor. The shock was not of sufficient severity to do any damage so far as heard from.

John Hayden, of Louisville, tried to enter in the Louisville College, but failing to pass the examination of the surgeons became despondent and threw himself under a C. & O. train at Lexington. He was instantly killed and the body horribly mangled.

Rev. V. W. Dorris, pastor of the Christian church at Georgetown, has bought a lot and will erect a residence.

HAMMONDS.

On Saturday night, at his home near Jeffersonville, Mr. James Hammonds, an aged citizen, died after a long sickness. A large assemblage attended the funeral service on Sunday afternoon. For many years he has driven the stage from Mt. Sterling to Jeffersonville. He was highly respected by the community.

LANE.

Mr. James G. Lane, aged 73 years, died at his home on East High street, this city, on Tuesday morning. For many months Mr. Lane had been a great sufferer from a kidney trouble and his death was not a surprise to his friends, but a happy release for him. Mr. Lane was a genial, kind hearted gentleman, who numbered his friends by his acquaintances.

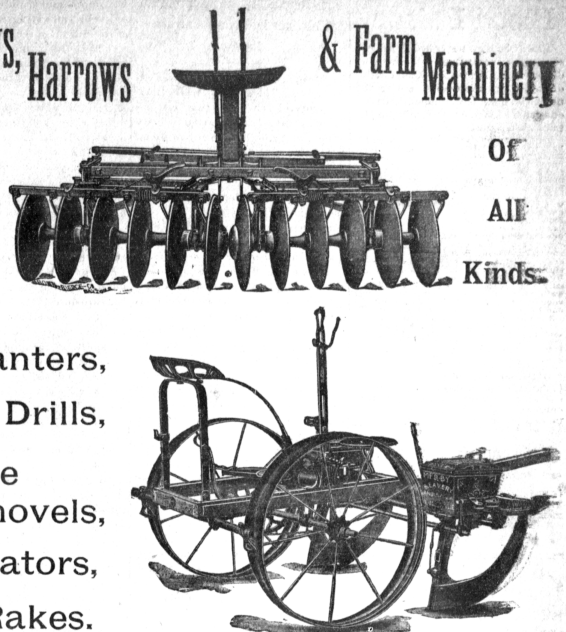

Forty-nine years ago he was married to Miss Susan Ratliff, of Bath county, whose wisely devotion all these years has been equaled only by motherly tenderness to their family of twelve children which blessed their union. Mr. Lane made his home on a farm near Sharpsburg till 1884 since which time he has been a resident of this city. Here everybody, old and young, knew and loved "uncle Jim". He was buried in Crown Hill Cemetery, Sharpsburg, Wednesday afternoon.

HARRAH.

Mrs. Mary Harrah died at the residence of Mr. N. B. Lloyd, in this city, on Tuesday evening, May 31, at the good old age of 93. Mrs. Harrah was a native of Virginia, and when a child she came with her father to Kentucky. When grown to womanhood she married Daniel Harrah, and as a fruit of that union three children were born to them. After a comparatively short married life her husband died and she was left alone with three little ones to face the problem of respectably and creditably raising her family. How well she accomplished this is known to all who knew and respected those children when grown to manhood and womanhood. All three of her children preceded her to the grave; the last, James W. Harrah, dying in 1890. The loss of this dutiful son and popular business man was a severe blow to the loving mother, who had made so many sacrifices for his comfort. Mrs. Harrah was at the time of her death probably the oldest person living in the county. She was a woman of strong character and withal one full of charity and loving kindness for her fellow mortals. For many years she was a consistent member of the Presbyterian church, and in her life tried to exemplify the teachings of the Master she loved. She was laid to rest in Macpelah cemetery on Wednesday afternoon, Rev. J. W. Mitchell and B. W. Trimble officiating at the funeral service.

Hall, a prominent young business man of St. Louis, Mo. Rev. T. N. Williams, of Louisville, performed the ceremony that united the couple. The bride is a well known and popular young lady with a wide family connection among the best people of the county. Immediately after the ceremony the couple left for their future home in St. Louis.

TAUBEE-KELLY.

At the Catholic paragon on Wednesday evening, June 1st, at 8:30 o'clock, Dr. James H. Taubee, of Owingsville, and Miss Annie Kelly, of this city, were united in marriage. Rev. E. J. Healey performed the ceremony. The marriage was a very quiet affair, only the immediate relatives and friends of the couple being present. The groom is a talented young physician and is well known in this city where he lived for several years. The happy bride leaves behind her a wide circle of friends and warm admirers who wish her much joy in her new home.
